Karyl, don't start any more full transcripts until I review
what we have,
it may not be necessary. Yes, I will have AAL 77 also.

Thank you,

A. Wayne

Hi Wayne

I have been advised that you will be handling the upcoming litigation on
UAB93:99/11/01. At this time since we do not have FULL
transcripts and
are working corrections to get the package done... Did you want
them to
begin making full transcripts once Jeff Myers has all the
information he
needs for the package so that they are ahead of the game?

In addition, will you be handling litigation on AAL77:9/11/01?
If so,
the same question comes up. ZID ARTCC has partial transcripts
now will
they need full?
